Notification on Change and Discontinuation of Slide Pack Model FBW

We would like to express our thanks for your loyal patronage of our products and services.

Our company has delivered a large number of new products to society through creation of better linear motion systems and development and model change of various products by making constant efforts.

Of those products, we have decided to discontinue "Slide Pack model FBW50110H, and model FBW3590 with reinforcing fitting (strengthened type of the old R type)" on the ground that "models FBW50110XR and FBW3590XR," of which production has already started, meet the required rail strength. We provide details of the change as follows.

We will continue to make every effort to provide better products, and would appreciate your understanding of this matter.

Models to be discontinued

Slide Pack model FBW50110H, and model FBW3590 with reinforcing fitting

Time of discontinuation of build-to-order production

June 1, 2008

Period of limited build-to-order production

Two years from June 1, 2008 (to June 1, 2010)

Relevant products:

Products that are on a build-to-order basis or require repair, whose model numbers are limited and for which you place orders on a 2-year-production basis.

Orders require registration. Consult our sales representative to apply for registration.

(Application deadline: May 31, 2008)

New models produced

Slide Pack models FBW50110XR and FBW3590XR

Start of order taking

Order taking started on October 2, 2006.

If you have any question, contact our sales representative.
